

FROM THE EXECUTIVE COMMITTEE

This is the 2010 second edition of our monthly newsletter highlighting news and events of our center. As you know, our annual symposium as part of the ACFAS Congress, under the theme: "Microsystems for a new era of interdisciplinary engineering", will take place on May 10, 2010 and will be followed by the annual general assembly. We are pleased to inform you that Prof. Christian Enz would be our guest speaker and we have also planned presentations on the research work done in our center, a panel for an exchange on the future of Microsystems, and a scientific poster competition for ReSMiQ students with outstanding awards for the three best presentations. The Executive Committee expects that all members encourage their teams to participate in this competition by submitting high quality work. As for our involvement, ReSMiQ had a representative at the research day, which was organized by FQRNT on February 11 in Quebec. On the other hand, our center joined MicroTeQ-10, a consortium of microtechnology industries in Quebec. As for our priorities, the evaluation of our members has started during the current month. Finally, it is noteworthy the unprecedented success that NEWCAS 2010 edition has known so far, you have until tonight to contribute further to this success.

We invite our members and readers to bring to our attention any relevant news for publication in SIGNAL.

Best regards,
M. Sawan, director

RESMIQ'S ACTIVITIES

Scholarship competition for undergraduate students.
APPLICATION DEADLINE – 19 April, 2010.
[Eligibility and Application](#)

NEWS FROM OUR MEMBERS

EXPOSURE

Dr. Sawan and one of his students have published a Springer book on Lab-on-chip (LoC) based sensors.

[More details](#)

INVOLVEMENT

Dr. Sawan from Polytechnique is a member of the International Journal of Healthcare Engineering editorial board.

[More details](#)

ACHIEVEMENT

Dr. Sawan from Polytechnique received a team grant from the Canadian Institutes of Health Research (CIHR) with 3 medical teams for the next 5 years.

[More details](#)

Dr. Sawan from Polytechnique has supervised a Ph.D. student that has recently started a post-doctoral work at Georgia Institute of Technology.

SCIENTIFIC POSTER COMPETITION

Participate in the scientific poster competition and have a chance to win one of the 3 awards for the best presentations.

May 10, 2010.

INTERNATIONAL IEEE NEWCAS CONFERENCE

Do not miss the 8th edition of NEWCAS that will be held this year in Montreal on:

June 20 - 23, 2010.

[More details](#)

OTHER CONFERENCES

2010 IEEE Symposium on VLSI Circuits.

June 16 – 18, 2010, Honolulu, Hawaii.

[More details](#)

2010 IEEE International Symposium on Circuits & Systems

(ISCAS), 30 may - 2 june 2010, Paris, France.

[More details](#)

2010 IEEE International Conference on Computer Design

(ICCD), 3 - 6 october 2010, Amsterdam, Netherland.
