

FROM THE EXECUTIVE COMMITTEE

This fifth issue of 2010 presents the events and news of our center. First of all, it was a real pleasure and a great honor to receive our speaker, Dr. Christian Enz, at our symposium organized during the ACFAS congress. On this occasion, a few new members of ReSMiQ also presented their research, then, in a panel session, they exchanged their views on issues and future trends in Microsystems. Regarding the scientific poster competition, the selection committee was impressed by the high level of professionalism and quality of research work presented by ReSMiQ's students. Our annual general meeting was held following the contest. At this time we presented the financial statements of the center to our members, and we unveiled the new status of two of them. Indeed, Professors Al-Khalili and Swamy from Concordia University have been inducted «Honorary active members of ReSMiQ». During that same meeting, the budget was presented and then adopted. As for our efforts in workforce training, ReSMiQ organized an intensive course on Delta-Sigma modulators; several participants expressed a strong interest. In addition, ReSMiQ's board of directors met and also adopted the budget for the year 2010-2011. The members of the executive committee and board of directors were then appointed for the coming year. Finally, the NEWCAS 2010 preparations are going well; we are looking forward to seeing you at the Marriott Chateau Champlain in Montreal, from 20 to 23 June 2010.

You are invited to bring into our attention your news for publication in SIGNAL.

Best regards,
M. Sawan, director

RESMIQ'S ACTIVITIES

INTERNATIONAL IEEE-NEWCAS CONFERENCE

Do not miss the 8th edition of NEWCAS that will be held this year in Marriott Chateau Champlain, Montreal on:

June 20 - 23, 2010.

NEWS FROM OUR MEMBERS

EXPOSURE

Dr. Roy from Laval University has been promoted to full professor.

Drs. Al-Khalili and Swamy from Concordia have been inducted «Honorary active members of ReSMiQ».

INVOLVEMENT

Dr. Gagnon from ETS has a project that has been selected by the Canada Strategic Innovation Partnership California (IPCS).

[More details](#)

Dr. Sawan from Polytechnique offered an invited seminar at IEEE SSCS/CASS/EDS chapter in Ottawa and a keynote at ASYNC'10 in Grenoble.

[More details](#)

ACHIEVEMENT

Dr. Roy from Laval University has developed a new circuit "wake-up radio" for sensor networks.

OTHER CONFERENCES

2010 IEEE Biomedical Circuits and Systems Conference (BioCAS), November 3 – 5, 2010, Paphos, Cyprus.

Submission deadline: June 18, 2010.

[More details](#)

2010 IEEE International Midwest Symposium on Circuits and Systems (MWSCAS), August 02 – 04, 2010, Seattle, USA.

[More details](#)

2010 IEEE International Symposium on Circuits & Systems (ISCAS), May 30 – June 2, 2010, Paris, France.

[More details](#)

2010 IEEE International Conference on Electronics, Circuits and Systems (ICECS), December 12 – 15, 2010, Athens, Greece.

[More details](#)

2010 IEEE Symposium on VLSI Circuits.

June 16 – 18, 2010, Honolulu, Hawaii.

[More details](#)

2010 IEEE International Conference on Computer Design (ICCD), October 3 – 6, 2010, Amsterdam, Netherland.
