

## FROM THE EXECUTIVE COMMITTEE

The Executive Committee is pleased to provide you, in this sixth newsletter of 2010, with the events and news of our center. It is with great pride that we present the minutes of the eighth edition of the international conference NEWCAS, which took place in Montreal from June 20 to 23. This was an unprecedented success with over 150 participants from 30 countries. Indeed, the low acceptance rate this year has led to a remarkable increase in the quality of scientific contributions. It was also a real pleasure and an honor to receive world-class speakers to share their expertise with participants. In addition, various intensive courses organized in this event have also been successful. Congratulations to the organizing committee for this success and we take this opportunity to thank our sponsors, DALSA, Hardent, and CMC Microsystems for their support. We look forward to seeing you next year in Bordeaux, France for the ninth edition of NEWCAS. As for our priorities, we are conducting a census of the material resources of our members to enhance our existing common infrastructure known as LASEM. This initiative will strengthen the bonds of cooperation between members which will result in increased impact of our research. On the other hand, the desing of ReSMiQ's new website version has reached its final stage. This version will be online soon. Finally, ReSMiQ's management team wishes you a wonderful summer season.

We are interested in your news (exposure, involvement, and achievement) for publication in SIGNAL.

Best regards,  
M. Sawan, director

## RESMIQ'S ACTIVITIES

Scholarship competitions.  
APPLICATION DEADLINE – 7 September, 2010.  
[Eligibility and Application](#)

## NEWS FROM OUR MEMBERS

### EXPOSURE

Dr. Tahar from Concordia offered an invited talk at the NASA Langley research center.

Dr. Sawan from Polytechnique offered an invited talk at IMS3TW 2010 conference in Montpellier.

[More details](#)

### INVOLVEMENT

Dr. Tahar from Concordia concluded an agreement for a partnership project with NASA Langley research center, Virginia.

### ACHIEVEMENT

Dr. Lakhssassi from UQO has been promoted to full professor.

Dr. Tahar from Concordia received the accelerator supplement of the NSERC Discovery grant program.

## INTERNATIONAL IEEE-NEWCAS CONFERENCE

Do not miss the 9<sup>th</sup> edition of NEWCAS that will be held in Bordeaux, France on:

**June 26 - 29, 2011.**

## OTHER CONFERENCES

**2010 IEEE Biomedical Circuits and Systems Conference (BioCAS)**, November 3 – 5, 2010, Paphos, Cyprus.

[More details](#)

**2010 IEEE International Midwest Symposium on Circuits and Systems (MWSCAS)**, August 1 – 4, 2010, Seattle, USA.

[More details](#)

**2010 IEEE International Conference on Electronics, Circuits and Systems (ICECS)**, December 12 – 15, 2010, Athens, Greece.

[More details](#)

**2010 IEEE International Conference on Computer Design (ICCD)**, October 3 – 6, 2010, Amsterdam, Netherland.

[More details](#)

**2010 IEEE International Conference on Microelectronics (ICM)**, December 19 – 22, 2010, Cairo, Egypt.
