

FROM THE EXECUTIVE COMMITTEE

The Executive Committee is pleased to introduce to you, in this 2011 second edition, events and news of our center. As you know, ReSMiQ is organizing for another year its annual symposium part of the ACFAS congress to be held in Sherbrooke on May 9, 2011. The organization of the event is ensured by Professor Fontaine of the Université de Sherbrooke. The theme this year is "Tomorrow's Microsystems, from transistor to application". For this occasion, a speaker expert in the field is invited and several ReSMiQ research projects are presented. As a tradition, the annual general assembly will be held after the event. We take this opportunity to remind you that the call for proposals for the ReSMiQ students scientific poster competition is currently open. Awards of Excellence will be awarded to the three best presentations. Moreover, registration of participating students will be reimbursed by the center and the transportation from Montreal is planned. The Executive expects all members to encourage their team to participate in this contest by presenting quality work. Recently, Professors Sawan, Boland, Cowan and Tahar (see photo) from ReSMiQ participated in the mission to India organized by MDEIE on information and communication technology (ICT). As for our involvement in Quebec, ReSMiQ participated on February 10, 2011 in Trois-Rivières, to a Research Day organized by FQRNT. Finally, the deadline for submitting papers to NEWCAS conference has expired. We thank all participants.

Best regards,
M. Sawan, director

We are interested in your news (exposure, involvement, and achievement) for publication in SIGNAL.

Mission in India: from left to right, Dr. Boland (ETS), Dr. Sawan (Poly), Dr. Tahar et Dr. Glenn (Concordia).

NEWS FROM OUR MEMBERS

EXPOSURE

Dr. Sawan from Polytechnique is a Distinguished Lecturer (DL) at IEEE SSCS for 2011-2013.

[More details](#)

INVOLVEMENT

Drs. Sawan, Boland, Cowan and Tahar were part of the MDEIE mission in India on information and communication technology.

[More details](#)

ACHIEVEMENT

Dr. Aboulhamid from Université de Montréal is the chair of the conference 10th edition "Faible Tension Faible Consommation".

[More details](#)

Dr. G. Zhu from Polytechnique received an CFI grant for a Microsystems advanced control laboratory.

[More details](#)

RESMIQ'S ACTIVITIES

Financial support for undergraduate students.

APPLICATION DEADLINE – 4 April 2011.

[Eligibility and Application](#)

When and where : 9 May 2011, Université de Sherbrooke.

ANNUAL SYMPOSIUM (ACFAS)

Time : 9 am.

[More details](#)

ANNUAL GENERAL ASSEMBLY

Time : 1 pm.

OTHER CONFERENCES

2011 IEEE International Symposium on Circuits and Systems (ISCAS), 15 - 18 May 2011, Rio de Janeiro, Brazil.

[More details](#)

2011 International Midwest Symposium on Circuits and Systems (MWSCAS), 7 - 10 August 2011, Seoul, Korea.

[More details](#)

2011 IEEE CAS-FEST Workshop on Brain-Machine/Brain-Computer Interfaces, 15 May 2011, Rio de Janeiro, Brazil.
